Migrant Appreciation and Welcome Event!

CONGRATULATIONS BECKY on your new job at the South Haven Memorial Library.

Rebecca Ruiz deHoyos has been with Cornerstone Ag for 5 years and always had a smile for everyone when you walked in the door. Becky was always willing to lend a helping hand in whatever needed to be done. You are going to be missed not by just those of us in the office but by all who would call in and ask for Becky because if Becky didn't know the answer she would make sure it got to the right person. We wish you good luck and all the best for your future.

In addition to the above tours, Cornerstone hosted a field trip for about 35 students from the Pullman Linking Center on August 1. They toured the packing plant, observed machine harvest and overhead irrigation, picked and ate blueberries, and learned how to grow blueberries.

Cornerstone Ag finished our Primus Audit with 98% scores each for Farming, Harvest Crew and Packing House. GREAT JOB to everyone for keeping food safety front and center in our operation and for all of the documentation of our safety practices. A special thank you to David Wilkinson for heading up the Food Safety team and leading through the audits. We also had a Global Gap Audit for export in which we scored in the high 90's.
